**RE:**

**In-house Accounting Services for residents / families with Waseem Aslam  
Certified Accountant**

As an Office Manager at Garden City Manor, every year we have great difficulty arranging residents' taxes to be done on time. Many residents are coherent and able to advocate on their own behalf, but not able to exit the building to get their taxes done.

This year I arranged to have a 'Tax Clinic' with the above accounting services. Waseem was very professional, organized and punctual. We were able to have many residents' and their families file their 2010 taxes right here in our Home which was very convenient, quick and for a lesser cost than other Tax Centers.

Here are some outlined benefits:

- Convenience of having taxes completed on-site for residents that are unable to leave the building
- Option to keep residents involved in their own financial affairs as per Residents' Rights Ministry of Health
- Professional Certified Accountant to ensure accuracy and security
- Ability to ensure Rate Reductions are done quicker by the NOA 2010
- Convenience of filing residents taxes and family members taxes in one place

I would highly recommend these services for other Long Term Care Homes as I found it to be very beneficial. I will be looking forward to having Waseem return next year 2012.

If you should have any further questions or concerns, please do not hesitate to contact me at the undersigned.

Thank you.

Regards,

Sarah Shaikh  
Office Manager  
Garden City Manor
